All New CUMI Krystal

Experience the Gen-Nex Grinding wheels in V500 Bond !!

CUMI's Krystal wheels are made using special, high performance bond systems in a unique manufacturing process, tailored to suit specific grinding applications. The self sharpening property of the bond helps in considerably reducing the frequency of dressing their by improving the machine uptime and wheel life.

Product Description

Application	Existing	CUMI Krystal	Benefits
Inconel Valve Seat Grinding	AA100 - V45	* RAA100 - V500 / 45 * 1MSB 1001 M6 V500 /45	* Dr Freq - 100% Improvement * Dr Freq - 100% Improvement
Broach Grinding	38A60 -VBE	RAA60 - V500	Dr. Freq - 50% Improvement
Shaft Grinding	SG100 - VS3	DA803 K5 V500	Cost / Component reduction by 50%
Input shaft Grinding	19A- VS3	DA601 J7 V500/45	Dr. Freq - 35% improvement
Valve Cless Grinding	A463 - V2016	DA465 - V500	* Productivity Improvement by 35% * Dr. Freq - Improvement by 60%
Angular Grinding	SG80.20 V8 VH	1 MSB801 J6 V500 / 45	Dr. Freq improved by 50 %
