

Application Guideline

Ferrous Foundry Industry

Product Application	CUMICAST EF 951	CUMICRETE CA 392	CUMICRETE CA 66	CUMICRETE CK 14	CUMIFRAC A 24	CUMIFRAC R1	CUMHICAST 90	CUMHICAST EXTRA	CUMHICAST SUPER	CUMILAG 29	CUMILAG 32	CUMILITE W	CUMIRAM RA 83	CUMIRITE M	CUMIRAM EL2SRM	CUMIRAM RA20M	CUMIGUN M45 SC	CUMICRETE CA 392S
Electric Arc Furnace Roof - Delta Section & Launder		■					■	■										
Coreless Induction Furnace - Crucible Lining													■					
Coreless Induction Furnace Cover, Spout & Tops		■						■										
Channel Induction Furnace - Main Bath / Reservoir			■															
Channel Induction Furnace - Inductor Lining													■					
Channel Induction Furnace Roof		■		■					■									
Channel Induction Furnace - Back up Insulation Layer										■								
Metallurgical Furnace																		
Pusher, Walking Beam, Rotary Hearth Furnace - Hearth Lining	■	■						■										
Skid, Hearth Plate, Muffles in Gas Carburising, Annealing and Heat Treatment Furnaces					■								■					
Hot Face Insulation Brick										■	■							
Burner Blocks, Pier Blocks, Supports								■	■									
Heating Element Carrier Bricks and Shapes													■		■			
Foundry Casting Chills / Densers						■												
Cupola Furnace															■		■	
Ladle																		■
Holding Furnace			■													■
